Processing Of Immigrant Visas

Your interview date will be scheduled by the Kentucky consular Center (KCC). You will be notified of your interview date by entering your unique confirmation number at the Entrant Status Check available at www.dvlottery.state.gov. It is only after you are selected, and respond to the notification instructions made available to you via Entry Status Check, and processing begins on your case, that you may receive follow-up e-mail communication from the Kentucky Consular Center (KCC) informing you to review Entry Status Check for new information about your application. Be careful to not be a victim of fraudulent e-mails that might ask you to pay. The KCC will not ask you to send money to them, to this Embassy or any other U.S. Embassy by mail or by services such as Western Union. For more information, please visit our website at: <http://tirana.usembassy.gov/dv.html>

Before The Interview

1. SECURITY INFORMATION: No one may enter the Consular Section with weapons of any sort, cellular telephones, iPods, photographic or video cameras, electronics such as radios, portable CD players or other equipment, including computers. Please do not bring any type of electronic equipment. Please do not bring large or bulky bags to the Consular Section. These items are not permitted inside and there is no storage space for them. There is no parking available at the Embassy for visa applicants. You are advised to not have unnecessary items in your bag on the interview day, because you will undergo a security check.

2. MEDICAL EXAMINATION: Before their final immigrant visa interview, all applicants are required to undergo a medical examination performed only by the medical doctors authorized by this Embassy to administer the examination.

- a) For cases where the appointment date is set up by KCC: The beneficiary should go for the medical examination **exactly two weeks prior** to his/her interview date.
- b) For cases where the appointment date is set up by the Consular Section: The medical examination date is included in letter of the interview date.

In both cases, you will have to print the [medical examination](#) (PDF 283.95 KB), read it carefully, fill it in, and present it to one of the panel physicians. The beneficiary is also responsible for the cost of the examination. A medical examination is also required for each accompanying child. You should have with you the appointment letter on the day of medical examination.

Do not send the results of your medical examination to this office before your interview. You will be required to submit your medical report to this office at the time of your interview. **Do not bring X-ray film to the Embassy.** Please read section VII regarding the X-rays.

You can download the Medical Examination form by visiting the U.S. Department of State's Bureau of Consular Affairs web page "[Interview Preparation - Medical Examination](#)."

Interview

APPLICATION FEE: You will be required to pay the application fee at the time of your interview at the cashier of the Consular Section. The payment is made by **cash only** at the Consular Cashier, in U.S. Dollars or Albanian Lekë.

Effective April 13, 2012, the fee for the Diversity Visa is \$330.00 per person. Since the fees are subject to change, please visit the Department of State's Bureau of Consular Affairs web page "[Fees for Visa Services](#)" for updated information on visa fees.

After the Interview

After your personal interview with the Consular Officer, if your file is complete and you are found qualified, your visa will be issued and sent together with the visa packet by courier service to your address in Albania. Important: Please **do not open the visa** packet envelope.

Some visa applications require further administrative processing, which takes additional time after the visa applicant's interview by a Consular Officer. Applicants are advised of this requirement when they apply. Most administrative processing is resolved within 60 days of the visa interview. When administrative processing is required, the timing will vary based on individual circumstances of each case.

Before making inquiries about status of administrative processing, applicants or their representatives will need to wait at least 60 days from the date of interview or submission of supplemental documents, whichever is later.

After you have Received the Passport and the Visa Packet

Do not open the sealed envelope, which contains your immigration packet. It should not be changed, and it should be surrendered along with the X-rays to the U.S. immigration officer at a port of entry into the United States. Do not pack it; it must be hand-carried. You will fill out the Form "Alien Registration Card" (Form I-551), known as Green Card at the port of entry. This card will be mailed to the address in the United States, as written in your application forms. This is a very important document, which will serve as proof that you have permission for permanent residency and gives you the opportunity to stay and enter the USA without a visa.

The visa in the passport is usually valid for six months (in some cases for less than six months, thus check your visa's expiry date). Check your data on the visa for any possible misspelling. If you notice any misspelling on the visa, you should come back to the Consular Section, U.S. Embassy, Tirana, together with the sealed envelope and your passport to correct the data. You should enter the U.S. before your visa expires; otherwise you will lose your status. Do not travel outside USA before you have received your Permanent Resident Card.

If you are qualified from the Diversity Visa Program and your family would like to travel in different time to the U.S., it is very important that the member of family wishing to travel first, should be accompanied by the principal applicant. Children who turn 21 years old after visa issuance, should travel to the United States before they turn 21 years old, otherwise they lose their status.

Your visa can not be extended beyond the six month period, and the fees paid for the visa are not refundable. If, for any reason you could not use your visa, please turn it back to the Consular Section, U.S. Embassy Tirana. Another visa will be issued only if you prove that it was impossible for you to travel for reasons beyond of your control.

For a guide concerning new immigrants to the United States, please visit the USCIS web page [“Welcome to the United States: A Guide for New Immigrants”](#) and [Welcome To USA website](#).

After being issued the Permanent Resident Card, you should stay abroad **for less than one year**, otherwise you will be considered to have lost your status of Legal Permanent Resident. For more information on the rights and responsibilities as Legal Permanent Residents, please visit the USCIS pamphlets [“I am a Permanent Resident. How Do I... Know What My Responsibilities Are?”](#) (PDF 1.19 KB), and [“How Do I Get a Reentry Permit”](#) (PDF 1.18 KB).

If you have questions regarding the Permanent Resident Card, or if you did not receive your card within a certain time, please contact the [USCIS office](#) in the state where you are living.

In Rare Cases, When you Could not Receive Notification from KCC

Required forms, in addition to the above mentioned documents, are:

- Form DS-230 Part I and Part II for each applicant.
- Form DSP-122, only for the principal applicant.

You can download these forms at the U.S. Department of State’s Bureau of Consular Affairs web page [“Visa Application Forms.”](#)

Most Important

No assurance can be given in advance that a visa will be issued. A consular officer can make a decision only after the formal application and all documents are reviewed, and that officer has personally interviewed the applicants.

Beneficiaries should not make any travel arrangements for departure, dispose of personal property or make other life changes until the visa has been issued. An immigrant visa is valid for a maximum of six months from the date of issuance. Applicants must travel and apply for admission to the United States before their immigrant visas expire.

This office will make every effort to expedite the process. However should complications arise, applicants may be required to return to this office or furnish additional information.

For the DV applicants the last date a visa can be issued is September 30 of each fiscal year. Because of the limited number of the visas that may be issued under the program, visas may cease to be available even before this date. This is especially true the closer to September 30, an application is made.
